

RELIEF REPORT COVID-19 LOCKDOWN

24 March - 31st May 2020

**VISION
2026**

VISION 2026 IN THE FRONTLINE

The unprecedented COVID-19 preventive lockdowns have changed the life of every individual in the country. While the lockdowns are laudable and very much required to fight the pandemic, they have also caused numerous problems, especially for the underprivileged sections of the society who are living hand to mouth throughout the year. Millions of daily wagers, slum dwellers, homeless people, and low-income households in the country have been struggling hard to survive hunger deaths.

Various partner organizations working under project "Vision 2026" also joined government agencies and other civil society groups in confronting this pandemic by all possible means. These organizations included Society for Bright Future (SBF), Medical Service Society (MSS), Human Welfare Foundation (HWF), Human Welfare Trust (HWT), and Model Village Trust (MVT). The major focus of 'Vision 2026' was on helping unprivileged and vulnerable segments fight hunger and prevent the spread of the pandemic.

**More than 12 Crore
lost their jobs
during the lockdown**

**India's lockdown,
the biggest in the world,
will push over 1.2 crore
people into extreme poverty**
