Vision 2016 has also taken up Education as major Focus Area. As a part of its comprehensive project to change the education scenario of Muslims in India, the Vision 2016 has launched the initiative "Awards for Academic Excellence" in the year 2009. Every year 100 students each from 15 north Indian states are felicitated with this Award.

FOREWORD

All human beings have the right to live dignified lives. There are two main requirements that can ensure this: the existence of sufficient resources and the conditions of social justice that allow these resources to be distributed fairly. Although Allah (Most Exalted and High), the Lord of the Universe, has provided the former in abundance, peace and social justice have often been lacking.

As a result, millions of people around the world do not have enough food and water to satisfy their hunger and thirst.

Our humanitarian work is inspired by the saying of the Prophet Muhammad (peace be upon him):

"The best of people are those who are most beneficial to others."

Human Welfare Foundation is striving for a fairer world. Our mission is to help the poor and those in need to live sustainable, self-reliant lives within safe and caring communities. Our work is guided and shaped by the core values of accountability, humanitarianism, neutrality and impartiality, inclusiveness, integrity and co-operation, all of which are also integral to the Islamic faith.

Our flagship project **"VISION 2016"** has entered in 6th year of its existence. It is an ambitious plan to bring about transformation on the social landscape of the country. The plan envisages the establishment of multifarious institutions across the country, with a strong human resource of committed volunteers and recognized community leaders.

It serves the purpose of humanity and the Almighty as well. It is dedicated to going beyond charity by enabling the people to their fullest of extent. Its True North lies in making a society having peace, prosperity and justice for all. It calls for a society with all equality for the maximum of the masses at large. It enables the have nots to access the resources for a total change in their lives and hence promotes the country to step into a new world. It helps people meet their social and spiritual needs by their own efforts. It strives to build trust and relationship with the needy people whose prosperity and security are ever at stake. The program intervenes the needs of the day when one-thirds of country's population is hard to meet the basic amenities for its servility. It is all about a total upliftment of the Indian society with a view to vertical mobility of every individual and group of people.

We are implementing more than **200** Projects in coordination with around **50** NGOs throughout the country. The number of beneficiaries during last five years are **66,72,881**.

We thank all our supporters and donors for their generosity and assistance.

It is only by working together that we can be a force for good in reducing the impact of natural disasters, conflicts, lack of social justice, and adversity.

A handwritten signature in blue ink, appearing to read 'K. A. Siddique Hassan'.

Prof. K. A. Siddique Hassan
Secretary General

Human Welfare Foundation (HWF) is committed to serve the humanity by integrating resources for people in need and distress. We strive to provide immediate response in disasters, and effective Programs for the people in need and in places of suffering, for the pleasure of Allah.

VISION, MISSION & VALUES

VISION

Hands-in-hand we go to serve the deserving. Through various community service projects and with the support of our caring and generous donors, the Human Welfare Foundation (HWF) is engaged in helping people with little or no resources. With the high spirit and dedication of its volunteers, HWF strives to alleviate human sufferings and also to help them achieve real improvement in the quality of their lives.

MISSION

Our mission is to serve the poor and deprived sections of the society by providing them the basic amenities like education, healthcare, food and shelter that equip individuals to become an equal partner in the progress of the nation and by helping the sufferers of natural calamities to move towards a world free from hunger, ignorance, deprivation and exploitation.

We aim at reaching the grassroots with distinct preference for the depressed and the disadvantaged sections enabling them to attain all that a common citizen cherishes.

VALUES

COMPASSION:

A person cannot be compassionate unless he/she is sensitive to others' needs and condition.

EMPOWERMENT:

To empower people in order to unleash their potential.

JUSTICE:

Each person has the right to live and be treated with dignity. Justice is achieved by considering the rights of others and the respect they deserve, regardless of ethnic background.

ACCOUNTABILITY:

We hold ourselves accountable for our actions. We hold our project implementation partners accountable for their actions.

Education provides the key to a better future, helping people to increase their skills, fulfil their potential and pursue their goals. But millions of children across India are denied even a basic education. We aim to provide impoverished communities with access to education or training, which offers them a way out of poverty. By working directly with local communities, we ensure that our educational projects are relevant to their needs.

supporting **EDUCATION**

Development is a central imperative in today's globalized world. But achieving sustainable all-round development for society requires certain fundamental pillars in place. Education is one such pillar without which any future growth is inconceivable. To imagine growth with large parts of the country bounded in illiteracy is just impossible. More so, in today's information based society, where education is the key to a whole world of opportunities. Not only that, a whole host of issues in fields of healthcare, economic opportunity, women empowerment and community building can be traced to a lack of proper education.

It is a matter of great concern that every third illiterate person in the world is an Indian. "Inadequate budget allocation, dismal school infrastructure in rural areas, high dropout rates, are the hallmarks of our education system". Even the minimal infrastructure, such as proper rooms, desks, drinking water facility, toilets, is missing in a large number of schools.

Human Welfare Foundation (HWF) sees education as a lifeline to a brighter future out of poverty. Education is a means to uplift as well as empower people to continue the reconstruction of society. Hence, Education and Skill Development top the list of priorities outlined in Vision 2016 Program.

Vision 2016 implements wide ranging Educational Projects, being executed round half (north) the country. The sector proposes a multi facet plan for the development of education system among the marginalised sections of the Indian society.

Some of our work in last five years includes:

- ✧ 5 Residential School Projects under implementation at New Delhi, Guwahati, Howrah, Jamshedpur and Muzaffarpur
- ✧ 20 primary schools established in some of the most deprived communities;
- ✧ 7 schools were provided with funds for Infrastructure development and capacity enhancement;
- ✧ 9 Slum Schools running in disaster affected areas;
- ✧ 7 Vocational Technical Schools established;
- ✧ Awards for Academic Excellence to 1,750 students in last two years. This year 100 students each from 15 states of India are being felicitated with Awards for Academic Excellence;
- ✧ Merit Scholarships worth 14 Million distributed among 1,319 Students for pursuing higher education;
- ✧ General Educational Aid worth 7.7 Million given to 22,078 needy students;
- ✧ 11,000 School Bags distributed among School children belonging to extremely poor families
- ✧ Career Guidance Programs in all sates

Easily preventable and treatable diseases are still causing death and long term suffering to millions across India. Children go without vaccinations and many are unable to receive even the most basic health care, due to either lack of availability or funds. Our projects provide the infrastructure of hospitals and medical centres and raise awareness of health and nutritional issues for the wider community.

providing access to **HEALTHCARE**

Universal access to education and healthcare are fundamental necessities for any society to progress. No nation has achieved a developed status without fulfilling these two basis requirements.

Many people around the world continue to suffer from a lack of basic healthcare. India is no exception. Basic services that most people take for granted can be the difference between life and death. Each year, according to the World Health Organization (WHO), almost 11 million children under 5 years of age die from the causes that are largely preventable. Among them are 4 million babies who do not survive the first month of life. In addition, more than half a million women die in pregnancy, childbirth or soon after. In order to change these numbers every mother and every child must have access to healthcare.

Responding to this need, Human Welfare Foundation (HWF) implements a wide array of health and nutrition projects, providing basic and supplementary medical services to populations in dire need.

HWF has committed much of its efforts to ensure adequate medical treatment to those who are deprived of this basic necessity. HWF actively organizes medical camps, blood donation camps and donates medicines. We are running 11 Hospitals and Eighty Four Medical Centers in different parts of the country. Our other projects include training traditional birth attendants, distributing medical equipments, and providing low cost mobile and clinic-based healthcare facilities for the rural poor.

Under Vision 2016 project, the HWF envisages state of art health facilities on subsidized/ marginal costs to cater the needs of poor patients.

Following activities have been carried out during last five years In the area of healthcare:

- ✧ Al-shifa Multi-speciality Hospital Constructed in New Delhi with a Cost of Rs. 13 Crores. The hospital has started functioning and is serving more than 100 patient per day.
- ✧ 22,70,296 persons have availed treatment facilities at 11 Hospitals run by our direct partners around the country.
- ✧ Similarly, 21,50,254 have been treated in 84 Medical Centres/Clinics in the length and breadth of the country.
- ✧ At least 688 Medical Camps were organized. Number of Beneficiaries are well above 2 lakh.
- ✧ 16 Ambulances and 1 Mobile Medical Units are providing services to the people.
- ✧ 75,618 persons were provided with Medical Aid worth Rs. 5.5 Cr. (328 persons were provided with necessary support to get Medical Relief worth Rs. 3.9 Crores from various Govt. Schemes)
- ✧ Medical Service Society is established at National level to bring together Healthcare professional and to ensure their active role in eliminating the sufferings of the poor and the needy.

Many people are stuck in a poverty trap because they do not have the resources to develop their skills and work their way out of destitution. Income-generation opportunities empower impoverished people to learn new skills, achieve self-sufficiency and improve their livelihoods. In collaboration with local partners, we provide individuals and communities with training and small-scale, interest-free business loans, which offer them dignified and sustainable ways of making a living.

promoting sustainable **LIVELIHOOD**

India's GDP ranks among the top 5 economies of the world. However, around 300 million people or about 80 million households are living below the poverty line.

HWF's Vision 2016 plan addresses the roots causes of poverty through long-term solutions and believes in promoting sustainable livelihoods. A sustainable livelihood is a way of earning a living that empowers people to become self-sufficient and less reliant on humanitarian aid.

Human Welfare Foundation has established a specialized organisation **SAHULAT MICROFINANCE SOCIETY** to focus on the economic development of under privileged and weaker people especially the Muslim Community.

Sahulat facilitates and supports livelihood opportunities and micro enterprise development for poverty alleviation through provision of Interest Free Microfinance.

INTEREST-FREE MICROFINANCE

Interest free Microfinance is an effective tool to fight against poverty. Sahulat's Interest Free Microfinance Program focuses on efforts that empower communities to lift themselves out of poverty.

Focusing on sustainable development, Sahulat ensures self-reliance and decreases community dependence on outside aid. Sahulat believes that without sustainable development there is no progress.

Sahulat works closely with socially and economically underserved communities that are grappling with poverty to identify their

needs and provide relevant livelihoods training, opportunities for enterprise, equal access to knowledge, financial support, employability skills and social and infra-structural capital to make informed livelihood choices.

Projects include interest-free loan schemes and developing small businesses, such as vegetable and dairy production. Our target beneficiaries are the most vulnerable members of a community, like women and the elderly.

During the past years, we have been able to support 45,346 people. 360 rickshaw pullers were given interest free loans to buy Rickshaws. Similarly 84 women, mostly widows, were provided with Sewing Machines.

4,00,935 Families have availed the services of more than 350 Interest Free Societies, run by our direct partners. The turn over of these Interest Free Societies, during the past five years, is Rs. 77.5 Crores.

116 Tailoring and Cutting training centres are being run in different parts of the country benefitting 7,296 women.

Communal Violence and natural disasters such as earthquakes, floods and droughts have caused the death and displacement of millions of people. In these emergencies, displaced people are forced to flee their homes and are deprived of their rights to food, health and protection. We try to ensure that their basic needs are met, by providing food and materials as soon as possible, and by working with the international community to provide essential services.

responding to **EMERGENCIES**

In an instant, life can change for millions of families. Natural disasters can take homes and what little possessions they have. During humanitarian emergencies, responding immediately and effectively could mean saving many lives. During natural disasters and communal riots, there are critical shortages of food, medicine and shelter. As a result, many civilians, particularly women, children and the elderly suffer because they are among the most vulnerable members of society.

Society for Bright Future (SBF), a national level disaster relief organisation, was formed as part of Vision 2016 program which aims at multi-faceted development of Indian Society particularly the Muslim Community living in the Northern half of the country. SBF specializes in Emergency Relief and Rehabilitation and has quickly responded to all natural and man-made disasters in recent past.

The Emergency and Relief program of SBF includes providing survival items like food, water, clothes, shelter and medical care during emergencies. Also involves training in preparing for and coping with disasters.

The Rehabilitation program includes the handicapped assistance program, reconstruction of residential and commercial properties of the affected population and employment assistance, etc.

Society for Bright Future aims at developing its organisational capacity to respond effectively to emergencies. We are establishing a disaster-preparedness strategy and an implementation plan

nationally so that we can fast-track our emergency response capacity, and develop SBF as a leading humanitarian agency for disaster response.

NATIONAL LEVEL VOLUNTEER CORE

In order to ensure that our network is ready for action at short notice, we are building a national level volunteer core of emergency response personnel. Comprehensive training programmes are regularly conducted to improve the technical ability of this volunteer core.

Some of the highlights of our response to emergencies during last five years are as follows:

- ★ Relief and Rehabilitation Projects worth more than 86 million rupees benefitting 4.6 Lakh people.
- ★ Quick response to devastating earthquake in Sikkim and West Bengal.
- ★ Relief and Rehabilitation activities after floods in Kosi (Bihar), Kurnool (Andhra Pradesh), Orissa, Delhi and Uttar Pradesh.
- ★ Emergency Relief Work for victims of Tornado in Assam, Bihar and West Bengal.
- ★ Constructed 1,000 pucca houses for victims of Kosi flood.

In its report on human rights in India during 2010, Human Rights Watch stated India had "significant human rights problems". They identified lack of accountability for security forces and impunity for abusive policing including "police brutality, extrajudicial killings, and torture" as major problems. Vision 2016 Program is committed to address these problems in order to alleviate the sufferings of the victims of police brutality.

campaigning and advocacy on **CIVIL RIGHTS ISSUES**

A large number of under-trial people are waiting for justice in Indian prisons. Poor people are vulnerable to all kinds of exploitation including legal exploitation. Many people are in jails just because they can not afford a few hundred rupees for bail. Legal help is among the prime needs of many poor people in India.

Association for Protection of Civil Rights (APCR), a civil rights' group comprised of advocates, social activists and grassroots para-legal social workers dedicated to using the legal system to protect and advance the civil and human rights in India, was formed as a part of Vision 2016 Program to defend the rights of the underprivileged sections of the society and to provide legal aid assistance, protection and rehabilitation to the survivors of religious intolerance and all sorts of discrimination and oppression.

APCR is committed to the protection of society from violation of human rights, illegal detentions, custodial deaths, fake encounters, false cases on the behest of political exigencies, unprovoked firing on demonstrators, criminal negligence of officials and public servants at the time of natural and manmade calamities and consumer frauds by local manufacturers and service providers and Multinational Companies.

APCR conducts training workshops on criminal law and human rights issues, investigates in to cases of human rights' violations, undertakes cases of public interests with a view to bring about a comprehensive change in criminal justice system, addresses issues of prisoners rights,

keeps a watch over law making process to make positive intervention, involves in awareness of general masses and initiates campaigns on various sociolegal issues.

The network of APCR is spread over the length and breadth of the country. APCR is also working as a support group for the organizations and movements committed for the promotion of Justice and Equity in India.

ACTIVITY HIGHLIGHTS

- ✧ Released **1,000** innocent youth fabricated in different cases;
- ✧ Provided Legal Aid to the Victims falsely fabricated in terror related cases;
- ✧ Intervened and succeeded in getting the pensions released for **1500** senior citizens;
- ✧ Filed litigations and pursuing Human rights violation cases in Trial/Supreme court;
- ✧ Established a national network of Para-Legal Workers and Activists;
- ✧ Organized **25** Legal workshops to train the people on Human Rights issues;
- ✧ Provided Legal Guidance to **2,000** people;
- ✧ Published Manuals/posters/handbill to educate people on human rights issues.
- ✧ Conducted Fact Findings, Symposium, Seminar, Consultations, Protest on Human & Civil Rights issues
- ✧ Worked on PDS system and succeeded in exposing the corruption in the system.

Vision 2016 Project supports financially, on regular basis, the children who lost their parents and families who live in difficult situations. The program aims at helping those vulnerable social categories, especially orphans to fulfill their basic life needs, and to ensure their access to education (primary and secondary) and health services.

caring for **ORPHANS**

Orphaned children are amongst the most vulnerable in society. They are vulnerable in the sense that the father (and in some cases the mother also) have passed away or left them. They are often left in the care of elderly relatives who do not have the ability to support them and often consequently receive no education and are driven into work at a very early age missing out on a real childhood and education. This obviously affects them for the rest of their lives and they are not able to develop into valuable members of society.

With the loss of their parents and their first line of defense, orphans of disasters often witness horrible atrocities. As easy targets for abuse during their formative years, they are hardened by their daily experiences and are robbed of a childhood. Even orphans who are not touched by corruption and violence, are still deprived of education. Human Welfare Foundation (HWF) has reacted to this has developed a very successful orphan support scheme which is now helping thousands of needy children.

Millions of orphan children throughout the world are denied the most basic necessities that we take for granted every day. The smallest things can make a huge difference to a child's development and the opportunity for them to have the future they deserve. Through the **Vision 2016 Sponsor an Orphan Programme**, you could support a child for as little as **35 Rupees a day**. We do not believe in providing a meal and walking away; your contribution will provide school fees, food, clothing and healthcare aimed at providing them with a secure and stable future.

We place orphan children in the care of host families who will nurture the child to fulfill their potential and support their development by giving them the extra confidence and motivation they need to fulfill their dreams.

Our scheme runs in northern and eastern states of India and we sponsor children of all faiths, gender, ages and abilities. Our local partners keep an eye on the progress of these children and make sure that they are getting the best possible care.

Beneficiaries: 8,000 Orphan Children

WHY SPONSOR AN ORPHAN CHILD?

Islam pays particular attention to the situation of orphans and as testimony to this, a number of verses in the Quran demand kindness on their behalf, promising the worst punishment for those who ill-treat them and equally promising the highest rewards for those who look after them. The Quran goes so far as to treat a person who oppresses an orphan as a non-believer, in the same way as he who denies the existence of God:

"See the one who denies the religion, then such is the man who repulses the orphan with harshness and does not help feed the poor..."

Prophet Muhammad (P.B.U.H) said,

"God, I firmly condemn he who abuses the rights of these two vulnerable groups: orphans and women..."

Human Welfare Foundation fosters charitable giving to alleviate the immediate needs of poor communities and to establish long-term development projects that ensure individual and community growth.

community DEVELOPMENT

No man can live alone. We always need our family, friends and the community around us, in good times and bad. Unfortunately, we often forget that community needs our help too.

Small acts of kindness can go a long way to bring a smile on another's face. It costs little, yet does a lot. That is the reason why Human Welfare Foundation, through Vision 2016 program, is engaged in helping the poor and destitute. HWF is one of the leading humanitarian set-ups of the country, which cater to various needs.

During the last five years, we have implemented a large number of projects aiming at community development and empowerment. A large number of people have been benefitted by these projects:

- ★ HWF has adopted Milak Pallupura Village in Moradabad, U. P. and is developing the same as a Model Village. The basic purpose of this project is to improve the social and economic status of the weaker and underprivileged section of the society.
- ★ Working with local organisations, the HWF has established projects to dig 15 wells, supply safe water, install 80 hand pumps and build latrines. These schemes not only save lives, but have a much wider impact on all parts of the community, including making it easier to grow food and sustain livestock;
- ★ Getting married is a distant dream for a large number of Muslim Girls belonging to the lower and middle class of the Indian society especially

due to the social evils like DOWRY. The Vision 2016 has come forward to lend a helping hand to the parents and guardians of these girls. 4,438 couples were provided with necessary support to get married. Total amount spent on this project is Rs. 8 million;

- ★ 56,952 people, including widows, children, orphans, destitute, aged and disabled people from Assam, Bihar, Jharkhand, West Bengal and other north Indian states, benefitted from the QURBANI PROJECT worth Rs. 17.32 Millions during the last three years;
- ★ 23,779 families were supported during Ramadan with Iftar Kits containing a month's worth of ration for the family;
- ★ Blankets and Warm Clothes worth Rs. 6 million distributed among 30,766 people;
- ★ Clothes worth Rs. 4,93,490.00 distributed among 3,840 people;
- ★ 1,418 houses constructed/ repaired at a cost of Rs. 4.15 crore;
- ★ 30 people were assisted with Rs. 10,25,800.00 for Loan Repayment;
- ★ 59,845 widows and poor families are being supported on monthly basis;
- ★ 7,66,971 poor and needy people were helped with cash donations worth Rs. 86.6 million;
- ★ Burial assistance was given in 688 cases.

our

PARTNERS

VISION 2016 PROJECT IMPLEMENTATION PARTNERS

HUMAN WELFARE TRUST (HWT)

HWT is a national level humanitarian aid organisation. It focuses mainly on healthcare and community Development Projects. It is a premier partner in Vision 2016 Project.

ASSOCIATION FOR PROTECTION OF CIVIL RIGHTS (APCR)

APCR is a national civil rights' group striving to protect the society from violation of human right. It conducts training programs for civil rights activist, educates the general public about their rights and acts as a helpline to counsel and advise the deprived and the downtrodden.

SOCIETY FORT BRIGHT FUTUREM (SBF)

Society for Bright Future (SBF), a national level disaster relief organisation, was formed as part of Vision 2016 project. SBF specializes in Emergency Relief and Rehabilitation and has responded to all natural and man-made disasters in recent past. It is building a national level volunteer core of emergency response personnel capacity to respond effectively to emergencies.

SAHULAT MICROFINANCE SOCIETY

SAHULAT MICROFINANCE SOCIETY specializes in the economical development of under privileged and weaker people especially the Muslim Community. It facilitates and supports livelihood opportunities and micro enterprise development for poverty alleviation through provision of Interest Free Microfinance.

MEDICAL SERVICE SOCIETY OF INDIA (MSS)

MSS is an organization of Medical Professionals committed for:

- The evolutionary progress of medical sciences.
- The understanding & practice of Islamic Principles to promote optimum levels in all human potentials and abilities.
- The highest level of health and medical care.

looking AHEAD

CONTINUING TO DEVELOP

The generosity and kindness of donors has allowed Human Welfare Foundation to help millions of people across India in last 5 years. Their sustained support will mean HWF can use all it has learnt to continue to assist all those in need around the world.

The 5 years until this point have seen Human Welfare Foundation constantly evolve and develop; the next 5 will be no different. The charity will work with its beneficiaries, its partners and all of its field offices to bring a positive change to the lives of those trapped in poverty.

PROVIDING A RESOURCE

Drawing on past experiences from different parts of the country, a core aim for Human Welfare Foundation in the coming years is to become a resource centre for the wider development of the community. It aims to promote efficiency throughout the development sector with the creation of emergency response guides and developing best practice tool kits.

Having grown from one small office in 2006 to a leading Indian Humanitarian Aid organization in 2011, the organisation aims to use its knowledge and experience to push forward the development agenda in the interest of serving humanity.

Human Welfare Foundation know that the poverty and suffering will not end tomorrow, but are certain that what we do today will bring closer that day when it does.

PROJECTS PLANNED UNDER VISION 2016

EDUCATION

- ✦ 1000 Primary Schools and Slum Schools
Unit cost: Rs. 5-10 lakhs
- ✦ 100 Vocational Training Schools
Unit cost: Rs. 10 lakhs
- ✦ 100,000 Merit Scholarship @ Rs. 15,000/- per student per annum
- ✦ University Project in Haryana
Project Cost: Rs. 300 Crores
- ✦ 100,000 Awards for Academic Excellence @ Rs. 1,500/- per student
- ✦ 25,000 School Bags @ Rs. 500/- per student

Residential School Project

- THE SCHOLAR SCHOOL, Delhi
Project cost: Rs. 4.60 Cr.
- THE SCHOLAR SCHOOL Satgav, Guwahati, Assam
Project cost: Rs. 6 Cr.
- THE SCHOLAR SCHOOL Howrah, West Bengal
Project Cost: 13 Cr.
- THE SCHOLAR SCHOOL Jamshedpur, Jharkhand
Project cost: Rs. 3 Cr.
- HAZRAT ALI MODEL SCHOOL Muzaffarpur, Bihar.
Project cost: Rs. 3 Cr.

HEALTHCARE

- ✦ 1 Super Speciality Hospital
- ✦ 1 Medical College
- ✦ 10 Speciality Hospitals
Unit Cost: Rs. 15 Crores
- ✦ 100 Medical Centres
Unit Cost: Rs. 25 Lakhs
- ✦ 10 Mobile Medical Units
Unit Cost: Rs. 25 Lakhs
- ✦ 25 Ambulances
Unit Cost: Rs. 5-10 Lakhs
- ✦ 20 Diagnostic Centres
Unit Cost: Rs. 25 Lakhs
- ✦ 10,000 Medical Camps
Unit Cost: Rs. 50,000/-

And they feed, for the love of Almighty God, the very poor, the orphan, and the captive, (saying), "We feed you for the sake of Allah alone: no reward do we desire from you, nor thanks."

(Qur'an, 76: 8-9)

Future PROJECTS

LIVELIHOOD

- ✦ Sahulat Microfinance Society plans to establish **500** Interest-free Cooperative Credit branches all over the country by 2016.
- ✦ **Rs. 6 Lakh** needed as seed money for each Cooperative Credit Branch, which would become self-reliant in 3-5 years.
- ✦ **2** Interest-free Microfinance Training Institutes will be established & interest-free Microfinance Managers will be trained.
- ✦ Sahulat aims at providing Interest-free loans worth 300 Crores to 3,00,000 families in the next five years.
- ✦ **Self-Employment Schemes**
 - Job opportunity for 10,000 women
 - Cycle Rickshaw Project
 - Tailoring and Cutting Centres
 - Sewing Machine Distribution

Unit Cost Rs. 10,000/- to 25,000/-

EMERGENCY

- ✦ Construction of Houses in disaster affected areas.
Unit Cost Rs. 1 Lakh.
- ✦ Building 1000 strong volunteer core to respond effectively to emergencies
- ✦ Skill and Co-ordination Training Programmes
- ✦ Public Awareness campaigns
- ✦ Publication of manual and training material for Disaster Relief agencies and volunteers.

- ✦ SBF chapters will be established in all states and 100 youth from each state will be rigorously trained.

COMMUNITY DEVELOPMENT

- ✦ **Model Village Project:** The location is developed under direct supervision of a dedicated team comprising HWF representatives and local residents. Project includes construction of School, Healthcare Centre, Houses for poor residents and proving livelihood assistance to the needy.
Unit Cost varies from Rs. 3-10 Crore.
- ✦ **Clean water Project:** Hand Pumps/ Borewell at different locations
Unit Cost Rs. 25,000 to 40,000
- ✦ **Marriage Support @ Rs. 25,000 per couple**
- ✦ **Housing Aid for poor @ Rs. 75,000 to 1.5 Lakh per unit**
- ✦ **Winter Relief Project:** Distribution of Blankets/Warm clothes among poorest of the poor @ Rs. 350/- to 750/-
- ✦ **Project Ramadan:** Distribution of Iftar kit containing a month's worth of Ration for a family of 4-5 persons.
Unit Cost Rs. 1,500
- ✦ **Qurbani Meat Distribution Project:** Cost varies from location to location. On an average Rs. 7,000 for Goat and Rs. 1,930 per share in Buffalo

your

CONTRIBUTIONS

"The likeness of those who spend their wealth in the way of Allah is as the likeness of a grain which grows seven ears, in every ear a hundred grains. Allah increases manifold to whom He wills."

(Al-Baqarah: 261)

The Prophet (S.A.W.) said: "The Most-Merciful (Allah) will have mercy on those who are merciful. Show compassion to the dwellers of the earth, then the One who dwells in the heavens (Allah) will show compassion to you!"

Narrated by Abdullah Ibn Amr (R.A.)

The generosity and kindness of individuals, groups or organisations has allowed Human Welfare Foundation (HWF) to deliver life changing programmes for last 5 years. Thousands like you, who persevere day in and day out as volunteers and partners of this humane venture, form its backbone, putting in a lot of effort and time to turn this dream into reality.

We take this opportunity to acknowledge and appreciate the value of your treasured support. The poor who cannot afford a set of clothes, the countless starving sisters forced to sell their honour for a few crumbs, parents too indigent to pay for the legal fights for their unjustly incarcerated children, and millions of kids so far denied a chance for education - all these look up to Vision 2016 with desperate hope. If we can leave aside a small portion of any extravagances on weddings, dinner parties, entertainments and the like, it will mean a lot for them: one meal for the hungry, a pair of clothes for the needy, a scholarship for a child.

The destitute need your support in cash and kind and you are capable enough to support the noble cause of catering their needs. We expect your helping hands ever in future so that the dark present of those people can be lightened in near future. It's only people like you who make us confident enough to take new initiatives.

VISION 2016

MAKE A DIFFERENCE

Give Hope To A World In Need

For the price of a chocolate bar or a Diet Coke, you could sponsor an orphan today. So why not help change a life!

The best way to give is to

SPONSOR AN ORPHAN

You can support a Child from only
Rs. 1,000 per month (Rs. 35/day)

Send your contributions in favour of
